

DESCRIPTION

HALF MOON MARINE is an advanced LED luminaire designed to enhance landscape and architectural features located near coastal regions. This adaptable luminaire provides decorative and functional lighting with smart color management. Corrosion resistant stainless steel or brass materials ensure the longevity of the luminaire even in harsh, salt water areas. Four optical options are available ranging from Narrow to Extra Wide beam spreads. Use of an external power supply enables easy management of multiple units. Electropolishing and clear coating are available on request.
